

BATH TOWEL WARMER RADIATORS

PRICELIST

CINIER product lines are characterized by a very high level of craftsmanship and design.

Cinier is the only company in the world producing a collection of radiators made with Olycal stone since 1990.

In addition to being respectful of the environment, using only natural pigments to create the colorful designs, Cinier radiators offer the highest level of technology, quality of fabrication and creativity to deliver excellence in the art of heating.

Cinier radiators are engineered to operate with both hydronic and electric systems.

The Olycal stone used in the large size Cinier radiators allows them to be heated at a low temperature to maximize energy efficiency.
