

MIRE Ash wood floor lamp – WHITE LED light

During the day or at night, the LT LUBOIS floor lamp is a decorative fixture. It is illuminated with 700 LED lights.

The LT LUBOIS fixture comes with 10Ft of wire and a floor switch, the power supply is connected to a MeanWell driver inside the fixture and a dimmer on the side of the Olycal stone base to turn on the LED light all around the frame. The dimmer allows to change the intensity from minimum light to 100% depending on the light you wish to have. The concrete base has a hand patina to give it a special finish or can be made to a bronze color. For the same output, the LT MIRE saves 75% energy compared to a standard lighting fixture.

Weight : 51.8 lbs/25.5kg
Height : 97-5/8" / 248cm
Width : 9-1/4" / 23.5 cm
Frame : Ash wood.

Power supply 120V. UL Listed MeanWell driver. Energy consumption: 0 to 60 W maxi. Clear LEDs (3000K Warm white, subtle and minimalist or 4000K neutral white upon request). Lighting output: 1000 to 3300 Lumens
